

UK PASSIVHAUS OPEN DAYS 2014

7 - 9 November

A 2 storey home under construction in a conservation area in Hackney. An urban infill site offers limited southern exposure, but good western exposure. Built in prefab cross laminated panels, resting on a concrete lower level. Internal construction material will remain exposed. The external cladding will be zinc, installed as a ventilated outer skin on wood fibre insulation.

WHEN

FRI 7 11am-3pm
SAT 8 2pm-4pm
SUN 9 N/A

Appropriate dress for a construction site. Steps internally and externally
