

## UK PASSIVHAUS OPEN DAYS 2014

7 - 9 November

A 250m<sup>2</sup>, three storey home with cavity wall construction in the final stages of construction. A simple rectangular form with a small kink and a bay window. It follows many of the design details of Green Building Store's first cavity wall Passivhaus – the Denby Dale Passivhaus – but with a few notable differences/ evolutions of the original detailing for Denby Dale.
