

UK PASSIVHAUS OPEN DAYS 2014

7 - 9 November

Currently under construction, Haven Cottage is a two-storey load-bearing straw bale house aiming for Passivhaus certification. It has a 'passive slab' foundation, floating on 400 mm of EPS. A timber barrel-vaulted roof filled with 450 mm of Warmcel and covered in standing seam aluminium. Hoping to rely on electricity, aided by a 4 kW solar PV installation.

WHEN

FRI 7 8am - 4pm
SAT 8 10am - 4pm
SUN 9 10am - 4pm

WHERE

Haven Cottage
Forest Road
Onehouse
