

UK PASSIVHAUS OPEN DAYS 2014

7 - 9 November

This near Passivhaus home is built within a rural village Conservation Area and took 3 years to be granted planning permission. Views to the garden were not compromised which result in a large amount of North glazing. With 43 windows and 5 external doors the installation detail became critical to the overall thermal efficiency.

WHEN

FRI 7 9am-5pm
SAT 8 9am-5pm
SUN 9 10am-5pm

Site is closed every day 12-1pm
