

ADDITIONAL SESSIONS AND SUPPORT:

Introduction session, 7th January

A short interactive session to ensure you are comfortable with all the software that will be used during the course.

Introduction to Science session, 14th January

A short webinar to introduce some Passivhaus principles with a chance to work through an algebra exercise or two, ahead of the Science module.

Crit Session, 28th January

A chance to review and discuss live projects

Tutorials, 18th February

Book an individual hour-long slot with our trainers for directed support.

Case studies 27th January and 7th February

Short evening or lunchtime presentations on projects the trainers have been involved with. Optional.

EXAM: 3rd and 4th March

The Passivhaus Institut will be offering their exam online, in an open-book, 3.5 hour format. A few days before the exam, you will be invited to a short session to check you have all the softwares working correctly.

Please contact the training team on 01752 542546 or training@peterwarm.co.uk with any queries.
